Product Manager with 4+ years of experience leading end-to-end delivery of AI, data, workflow automation and platform products across early-stage startup and SaaS environments. Experienced in defining product strategy, prioritizing roadmaps, translating customer and stakeholder needs into scalable solutions, and partnering with engineering, design, data and business teams to ship products that improve adoption, retention, operational efficiency and customer satisfaction.

PROFESSIONAL EXPERIENCE

Product Manager – HighTech Enterprises LLC, Marriottsville, MD

Jan 2026 - Present

- Conducted structured user research and discovery sessions with 15-20 sales reps across 3-4 client teams, synthesising pain points into PRDs with user stories, acceptance criteria and edge cases to drive roadmap prioritization and product lifecycle decisions.
- Led stakeholder alignment on adopting a RAG-based AI architecture instead of a GPT-wrapper model, presenting risk-benefit tradeoffs and delivering a production-ready system with 40% faster retrieval, source-grounded responses, built-in guardrails, and observability.
- Leveraged operational metrics and stakeholder feedback to identify workflow improvements, reducing manual reporting effort by 40% and improving decision-making efficiency.

Product Manager – Cantonica, New York, NY

Feb 2025 - Jan 2026

- Designed and modified scalable data acquisition frameworks using Python and SQL, integrating data from 2,000+ digital sources and improving customer analytics data availability by 50%
- Applied K-Means Clustering, A/B Testing, Classification, Regression and R-based statistical models to segment customers, predict behavioral trends, and contribute to a 20% increase in campaign ROI.
- Troubleshoot data quality issues, corrected inconsistencies across large datasets, and developed stakeholder-facing insights through MicroStrategy reporting, improving decision-making accuracy by 25%

Data Analyst - CREWASIS.AI, New York, NY

Jan 2024 - Jun 2024

- Developed a scalable Python-based Data Acquisition Framework leveraging Web Data Extraction, Content Standardization, and Scikit-learn Machine Learning Models to process data from 2,000+ digital sources, enabling AI-driven Marketing Intelligence that contributed to a 20% increase in campaign ROI.
- Designed and launched a customer-facing analytics portal under tight deadlines, improving stakeholder visibility and increasing client retention.

Data Analyst - Orbo.ai, Mumbai, IN

Dec 2020- Dec 2021

- Transformed a 30,000-row pharmaceutical dataset using Python, Pandas, and NumPy, improving data quality by reducing inconsistencies by 25% and enabling accurate analytics for medicine demand forecasting.
- Built a high-efficiency keyword search tool in Excel to improve data accessibility, reducing manual lookup time by 30% and enabling faster decision-making.

Co-Founder & CEO - Eatabl, Mumbai, IN

Mar 2019 - Sep 2020

- Launched and scaled a merchant-facing SaaS platform used by 500+ restaurants across four cities, improving order management efficiency and fulfillment reliability.
- Designed and executed go-to-market strategy, including pricing models and onboarding workflows, accelerating SMB adoption and improving unit economics.
- Led end-to-end product lifecycle, managing release cycles, customer feedback loops and rapid iteration to ensure sustained adoption by iterating based on user financial behavior and merchant economics.
- Integrated third-party delivery APIs to enable real-time order tracking, improving delivery reliability and enhancing customer experience.

TECHNICAL SKILLS

Programming & Query Languages: SQL, Python, R, Pandas, NumPy, Scikit-learn, BeautifulSoup, Newspaper3k

Business Intelligence & Visualization: Power BI, Tableau, Data Visualization, Dashboard Development, KPI Design

Data Analytics & Machine Learning: Data Cleaning, Data Transformation, Exploratory Data Analysis (EDA), Statistical Analysis, A/B Testing, Clustering & Segmentation, Predictive Analytics, Forecasting

EDUCATION

Master of Science, Information Systems - Northeastern University, Boston, MA

Sept 2022 - Dec 2024
